

What is it?

La Mesa Arts Alliance (LMAA) is partnering with the community to create a Walking Art Trail through the downtown village. Inside of this brochure is a walking map showing the locations of the utility boxes. The artist who painted the individual boxes is noted in the artist key. We have chosen several utility boxes in the city to be the canvas for local artists to transform neglected and weathered boxes into works of art for the community to enjoy. Additional public art and local attractions are highlighted on the walking map located inside this brochure. The Walking Art Trail is approximately a 2 mile walking route.

The La Mesa Walking Art Trail supports the city of La Mesa's goal to be the healthiest and most livable city in the region.
